

LOCAL NEWS.

THE MINERAL BUREAU.—The Mineral Bureau has received from Ferdinand Lewis & Co. seven samples of minerals, including fire-clay and iron ore, found near Greenland, Grant county, W. Va. The ores are of several varieties, of good quality, and are found in immense quantities, the majority of the beds ranging in thickness from 7 to 20 feet. One of them (fossiliferous) is said to measure 150 feet, the statement being fully vouched for. The area of the beds is known to be very great, the outcrops having been traced for eight miles, and following their general direction, ores of similar character have been found at distant points. With limestone, marble and water power in abundance, and the Allegheny coal fields accessible, at a distance of six miles, this property, which is for sale, needs only railroad communication with the markets to make it extremely valuable as a location for iron works, and this was doubtless the purpose in the immediate future, the ore beds being only twenty-one miles from the Baltimore and Ohio, and upon the proposed line of the Washington and Ohio Railroad.

We publish below a circular letter addressed to the editors of Virginia, with our hearty endorsement. Regarding the Mineral Bureau as a public institution for public benefit, our columns have at all times been open to it free of charge. The matter which it furnishes is of general interest, and we have not found it burdensome. We call upon our Virginia exchanges to come to our aid in bringing this enterprise permanently before the people, and suggest that each newspaper urge the matter upon the attention of its own exchanges, that every journal in the State may be reached, and included in the arrangement.

THE VIRGINIA MINERAL BUREAU.—ALEXANDRIA, VA., Oct. 28, 1875.
Dear Sir:—The accompanying circular fully explains the nature and aim of the Institution which it represents.
It has long been a recognized fact among intelligent men throughout Virginia and West Virginia that the movement in which we have taken the initiative should be made, but, with the lack of capital and the general prostration of business, it was felt that nothing could be done. The Bureau, however, embodied a plan by which it is hoped to accomplish much with a comparatively small outlay of money.

The railroad companies named in our circular have agreed to furnish sufficient funds to meet the more immediate wants of the enterprise, and to give free transportation to the samples of minerals. Some of our newspapers have generously offered the use of their columns; and, with the hearty co-operation of our citizens, there is no reason why the undertaking should not be a complete success. We wish, if possible, to include in the journals of Virginia and West Virginia the arrangements to which we have referred. Short notices of minerals received, and of other matters relating to the Bureau, are from time to time published in the Alexandria and other papers; and the plan proposed is that all the papers throughout the two States copy such notices as they find them in the columns of our exchanges. By this means public interest will be aroused and maintained, and in many ways much will be done towards the accomplishment of the desired end. We would also solicit a more extended notice as an introduction to the proposed system. A copy of your paper, mailed to the Bureau, will be sufficient indication of your acquiescence in our plan.

We seek your co-operation, as we do that of all Virginians and all men of public spirit. Are we asking too much? Very respectfully,
W. F. SPITTSWOOD, Sup't.

RADICAL MASS MEETING IN THE COUNTY.—In accordance with a call of the County Radical Committee, a mass meeting was held last night at Old Fellows' hall, on the Columbia pike, Benjamin Austin, President, and Montgomery Simms, Secretary.

Isaiah Fisher being called upon, stated that he was proud of the opportunity to address the meeting, and after a long speech, concluded by saying he should support the nominees, Smith and Pinn.

T. B. Pinn was next called upon and defined his position.

John K. Syphax being called upon, responded in a highly spirited manner, and referred with pride to his political record and the many honors he stood upon from his people of the State, and concluded his remarks by pledging his support to the nominees of his party.

R. G. Cunningham said he was there to speak on behalf of the Republican party. We were, he said, on the eve of an important election, and he was glad to see that there was no division in the Republican ranks; that prior to the war it was a crime to teach a colored man how to read and write, and that the Democracy was the party of slavery. He pledged the support of the party to the nominees.

Captain Smith stated that inasmuch as all those present knew him, and were acquainted with his principles and Republicanism, he would give way to Montgomery Simms, who made a flowery speech, endorsing the nominees, and was followed by T. H. Syphax, who also endorsed the nomination of Smith and Pinn, and was followed by several others; after which the meeting adjourned with three cheers for Smith and Pinn.

POLICE REPORT.—The following cases have been reported at police headquarters since yesterday afternoon:

James Simmes, an escaped prisoner from the work house, was sent back to his old quarters. The accommodations at the work house are not as comfortable as those at the jail and consequently one of the five who recently escaped from there have gone back.

T. H. Turner, the sailor committed to jail for robbing the Captain of his vessel was released, having served out his term.

Charles Linkins, a colored member of the chain gang, for malicious conduct, was locked up for ex-crimination.

A man named Smith, so much under the influence of liquor as to be unconscious, was picked up off the street, taken to the station house in a wagon, and locked up for sale keeping.

The prevailing mild weather has caused a noticeable diminution in the number of lodgers at the station house, and last night, but one was there and that one, a woman.

APPLICATION TO BE RELEASED FROM JAIL.

—Captain Thomas J. Shreve was fined \$500 a month ago in the United States District Court of Maryland, for running away with several hundred dollars' worth of grain, the freight of the schooner George Henry, of which he was master. He yesterday applied to U. S. Commissioner Rogers to be discharged from imprisonment under the provision of law that a prisoner held for not paying a fine shall be released after thirty days imprisonment, by making oath that he is not worth over \$20. Commissioner Rogers held the application under consideration.

RACES.—At the Washington Driving Park races, yesterday, the two-mile dash was won by Gen. Harney in 3.45, beating Donnobrook, Caroline, Joe Cero, (the favorite,) Bill Moon, Fairy Queen, Letitia, Hartland and Warfare, in the order named. The mile heat race was won by Madge in 1.52 and 1.50, beating Carver, Burgoon, Jack Harkaway and Mollie Darling. The three-quarter dash was won easily by Skirraisher in 1.29, beating Yellow Jacket and Snowball. The hurdle race, two and a half miles, over twenty hurdles, was won by Diavolo, the favorite, in 5.10, beating Busy Bee.

"ANGER OR THE FOLLY OF GETTING MAD"

Rev. O. F. Flippo, it will be remembered delivered upon this subject last winter, the amusing lecture that left so pleasant an impression on his talents on the minds of the Alexandria public. He has consented to repeat the lecture for the benefit of the Ladies' Aid Society of the Baptist Church, next Tuesday night, November 24. Upon the occasion of his appearance at various times during the past year, Mr. Flippo's name has so prominently figured in our "Local," that he needs no introduction now.

CHILD BURNED TO DEATH.—A child of a colored woman named Amelia Simms, living in one of Mr. Catts' houses, at West End, was burned to death yesterday evening. It was about five years old, and with two other small children had been left in the house by the elder portion of the family, during whose absence its clothing caught fire accidentally, and the frightened child rushing out in the road the flames comprehending it were not extinguished until every particle of its clothing was burned off and its flesh roasted almost to a crisp.

IMPOSTER.—Another letter has been received by the Mayor, this time from Mark Terain, who writes from Hartford, Connecticut, asking about a certain George Vaughn, who is collecting money there to found a colored school in this city. The same man was in New Jersey last autumn engaged in a like scheme, but was driven out of that State in consequence of letters from that city which stated that he and his enterprise were unknown here, and that he was an imposter.

COUNTY CONSERVATIVES.—A mass meeting of the Conservative voters of Alexandria county will be held at Ball's Cross Roads to night, commencing at half past 7 o'clock. Cloughton and Sinclair, the Senatorial candidates, would be there but are in London county.

THE LANE AFFAIR.—John Lane, an account of whose sudden and mysterious death in the yard of the house in which his newly married brother was staying, was published in yesterday's Gazette, has been buried at his home, near Gum Spring, Loudon county, but, the body, in consequence of the suspicious circumstances attending his death, will, it is said, be disinterred, and be subjected to an examination by a coroner's jury.

SUDDEN DEATH.—An old colored crippled man named Mason Hicks, employed at the lower coal yards, was found dead in his house, near the corner of Alfred and Gibson streets, early this morning, and as he was seen and talked to at eleven o'clock last night, it is supposed to have died from heart disease. He had been sick for some time past, but not too much so to prevent his walking about.

BOAT RACE.—A four-oared boat race took place on the Potomac, near Georgetown, yesterday afternoon, over a three-mile course, between the Nassau Club, of New York, and the Annapolis Club, of Georgetown, in which the former won in twenty minutes and fifty seconds, closely pressed by the latter, who made the distance in twenty minutes and fifty eight seconds.

BULL FIGHT.—Quite an exciting bull fight, and one that attracted a large crowd, took place at the Midland Railroad cattle yard yesterday evening, during which a colored man was knocked down, and the clothing upon a white man rent and torn from him by the infuriated animals.

DECLINES.—William Williams, esq., of Loudon, has withdrawn his acceptance of the Republican nomination for State Senator of this District and declines to be a candidate, and his place has been supplied by Judge J. H. Gray, of Fairfax.

FAST MAIL.—Arrangements are being made for a fast mail from Washington to New Orleans. It will pass through Danville, Charlotte and Atlanta. Passengers will save seven and a half hours between Columbia and Washington.

VALUABLE PRESENTS.—Mrs. Joseph Kaufman, who sings in the choir of the Washington-street Synagogue, has been presented by the congregation thereof with a valuable silver service.

A CAPSIZ.—A gunning party from Georgetown were capsized in Piscataway Creek, a day or two ago, but the water being shallow they all escaped with wet guns and equipments.

J. J. and D. M. Long, and an unknown English bark, were becalmed in the vicinity of the Auckland Islands, who scuttled the vessels and ate the crews, except this one survivor. This statement, however, is thought here to be a caricature, the supposition being that the vessels perished in a typhoon.
